HARMONIUMS.—W. E. EVANS, the Original Inventor and Manufacturer of Harmoniums in England, respectfully draws the attention of intending purchasers to his Unrivalled Instruments, in which he has recently introduced several important patented improvements. Amongst which may be specially mentioned the "double-action expression wind movement," by means of which the wind is supplied with half the usual exertion, and the most perfect expression realised; thus superseding the use of the "Expression Stop," so difficult of management in all Harmoniums. E. Evans' improvements.
